Internal Operational Circular CIR-2026-003 notifying all branch managers, sales agents, credit underwriting personnel, and customer service teams of the temporary suspension of the introductory first-year annual fee waiver promotion for new AEON Platinum Visa credit card applications received between 15 February 2026 and 31 March 2026.

1.0 — Purpose and Background

This internal circular (Document ID: CIR-03 / Reference: CIR-2026-003), issued by AEON Credit Service (M) Berhad ('the Company') on 10 February 2026, serves to notify all retail banking, branch sales, direct marketing, and operational underwriting units of a scheduled temporary suspension affecting the introductory promotional first-year annual fee waiver campaign for the AEON Platinum Visa credit card product.

2.0 — Suspension Window and Scope

The promotional campaign waiving the first-year annual fee on newly onboarded AEON Platinum Visa principal and supplementary cards is formally suspended for all new applications submitted between 15 February 2026 and 31 March 2026, inclusive. Normal promotional onboarding programs are scheduled to resume on 1 April 2026 subject to subsequent executive review.

3.0 — Standard Annual Fee and Spend Threshold Policy

During the suspension window, newly approved AEON Platinum Visa principal cards shall be subject to the standard annual fee of RM 400 upon card issuance. The fee will only be waived in accordance with standard product terms, specifically upon the cardholder achieving a cumulative annual spend of RM 30,000 within the card anniversary cycle. Supplementary cardholders remain subject to the standard fee of RM 200 unless spending thresholds are fulfilled.

4.0 — Treatment of In-Flight and Pre-Existing Accounts

Applications for the AEON Platinum Visa submitted and timestamped in the origination system on or before 23:59 hours on 14 February 2026 shall remain eligible for the promotional first-year annual fee waiver, provided the card is approved and activated by 30 April 2026. Existing cardholders onboarded prior to 15 February 2026 are unaffected and remain subject to their prevailing contracted fee terms.

5.0 — Unaffected Credit Card and Financing Products

The annual fee structures of the AEON Classic Visa (RM 0 free-for-life) and AEON Gold Visa (RM 150 annual fee, waived with 12 swipes per year) remain entirely unaffected by this suspension. Additionally, financing products including Personal Financing-i (Tawarruq), Motorcycle Hire Purchase-i, Auto Hire Purchase-i, and Product (Objective) Financing continue to operate under standard commercial pricing schedules.

6.0 — Underwriting Alignment with Credit Policy v2

All underwriting decisions for credit card applications during the interim period must strictly observe Credit Policy POL-CR-001-v2 (effective 2026-01-01). Underwriters must verify adherence to debt service ratio (DSR) ceilings (60% for gross monthly income below RM 3,000; 70% for gross monthly income RM 3,000 and above), net disposable income (NDI) floors (RM 1,500 standard; RM 2,000 for applicants supporting 3 or more dependants), and credit line caps (maximum 2x gross monthly income if income is below RM 5,000; maximum 3x if income is RM 5,000 and above).

7.0 — Customer Service and Dispute Escalation

Front-line sales and customer care officers must ensure transparent disclosure of the RM 400 standard annual fee to applicants during the suspension period. In the event of a customer dispute or fee-related grievance, personnel must acknowledge the complaint within 2 business days and resolve the case within 14 calendar days. Unresolved complaints must be escalated to the Ombudsman for Financial Services in accordance with established regulatory dispute resolution procedures.
