Product Disclosure Sheet (PDS) for the AEON Gold Visa credit card issued by AEON Credit Service (M) Berhad, outlining product features, key fees and charges, finance charge tiers, minimum monthly payment obligations, late payment charges, credit limit guidelines, and customer complaint handling avenues effective from 1 January 2026.

1 — 1. What is this product about?

The AEON Gold Visa is an unsecured revolving credit card facility issued by AEON Credit Service (M) Berhad ('the Company'). It enables cardholders to execute retail purchases, perform contactless transactions, execute online payments, and obtain cash advances across worldwide Visa merchant acceptance touchpoints, subject to pre-approved credit limits and credit assessments under Credit Policy v2 (effective 2026-01-01).

2 — 2. What are the key terms and credit limit eligibility criteria?

Under Credit Policy v2, applicant underwriting is assessed against debt service metrics and verified income. The initial credit limit assigned is capped at a maximum of 2 times gross monthly income where monthly income is below RM 3,000 to RM 4,999 (less than RM 5,000), and up to 3 times gross monthly income if gross monthly income is RM 5,000 and above. Approval requires meeting the maximum Debt Service Ratio (DSR) ceiling of 60% for gross monthly income below RM 3,000, or 70% for gross monthly income of RM 3,000 and above, along with satisfying the post-facility Net Disposable Income (NDI) floor of RM 1,500 (or RM 2,000 where supporting 3 or more dependants). The approved limit is strictly determined post-scoring and is never an input to risk evaluation models.

3 — 3. What are the applicable finance charges and interest tiers?

A tiered finance charge is imposed on the outstanding retail balance not settled on or before the payment due date: (a) 15.00% per annum for cardholders who promptly settle their minimum monthly payments for 12 consecutive months; (b) 17.00% per annum for cardholders who settle promptly for at least 10 months in the previous 12-month cycle; and (c) 18.00% per annum for cardholders who fail to settle minimum payments promptly for 2 or more months in any 12-month cycle. Cash advance facilities incur a standard charge of 18.00% per annum calculated on a daily basis from the withdrawal date until full settlement.

4 — 4. What is the minimum monthly payment obligation?

Cardholders are required to pay the Minimum Monthly Payment on or before the payment due date specified in each monthly statement. The Minimum Monthly Payment is computed as 5% of the total outstanding retail balance plus 100% of all past due amounts, service tax, over-limit balances, and cash advances, or a minimum amount of RM 50, whichever is higher.

5 — 5. What are the consequences and fees if you fail to fulfill your obligations?

If you fail to remit the minimum payment on or before the due date: (a) A late payment charge of 1% of the total outstanding balance, subject to a minimum of RM 10 and a maximum of RM 150, will be debited to your card account; (b) Finance charges will escalate to the highest tier of 18.00% per annum; (c) Adverse credit reporting may be recorded with credit reference agencies (e.g., CTOS / CCRIS). Any facility exhibiting 2 or more months in arrears or active AKPK Debt Management Programme (DMP) status will result in card suspension and render the applicant ineligible for new unsecured credit facilities; and (d) Legal recovery proceedings may be initiated where severe defaults persist.

6 — 6. What are the key fees and charges associated with this card?

Cardholders are subject to an annual fee of RM 150 for the principal card, which is waived upon achieving a minimum of 12 swipes within the card membership year. Supplementary cardholders are charged RM 75 per annum (similarly waivable with 12 swipes). Cash advances incur a cash advance fee of 5% of the transacted

amount or RM 50, whichever is higher. Foreign currency transactions include an administrative conversion fee of 1.00% to 1.25% applied on top of the prevailing Visa foreign exchange operating rate.

7 — 7. What should you do if your card is lost, stolen, or compromised?

You must notify AEON Credit Customer Service immediately at +603-2719 9999 or via our 24-hour hotline upon discovering that your credit card has been lost, stolen, or compromised, or that unauthorized disclosure of your PIN has occurred. Your maximum liability for unauthorized transactions prior to notification shall not exceed statutory limits stipulated by Bank Negara Malaysia, provided you have acted in good faith, exercised reasonable precautions, and not acted fraudulently or with gross negligence.

8 — 8. How do you lodge a complaint or seek dispute resolution?

If you have any feedback, inquiries, or complaints regarding the operation of your AEON Gold Visa, you may contact the Customer Care Unit of AEON Credit Service (M) Berhad. The Company will acknowledge receipt of your complaint within 2 business days and endeavor to resolve the complaint within 14 calendar days. If you remain dissatisfied with the final resolution or decision of the Company, you may escalate the unresolved dispute to the Ombudsman for Financial Services (OFS) or Bank Negara Malaysia (BNM Laman Informasi Nasihat dan Khidmat / BNMLINK).
