BNM-style Product Disclosure Sheet (PDS-CARD-PLAT v1.0) setting out key features, tiered finance charges, fee structures, minimum payment requirements, and default consequences for the AEON Platinum Visa issued by AEON Credit Service (M) Berhad, effective 1 January 2026.

1 — What is this product about?

The AEON Platinum Visa is a premium unsecured credit card facility issued by AEON Credit Service (M) Berhad. It provides cardholders with revolving credit for retail transactions, online purchases, and cash advances. Initial credit limits are established in accordance with credit underwriting policies, capped at up to 2 times gross monthly income for incomes below RM 3,000 to RM 4,999, and up to 3 times gross monthly income for applicants earning RM 5,000 and above.

2 — What are the key terms of the product?

Cardholders are granted an interest-free grace period of 20 calendar days from the statement date for retail transactions, provided the previous statement balance was settled in full. For cash advances, finance charges are computed on a daily basis from the transaction date until full settlement.

3 — What are the finance charges applicable?

Finance charges are tiered based on your repayment track record over the preceding 12 consecutive months: (a) 15.00% per annum for prompt payers who settled at least the minimum monthly payment on or before the due date for 12 consecutive months; (b) 17.00% per annum for cardholders who missed 1 payment in the past 12 months; and (c) 18.00% per annum for cardholders who experienced 2 or more late payments in the past 12 months.

4 — What is the minimum monthly payment?

The minimum monthly repayment payable by the due date is 5% of the total outstanding card balance or RM 50, whichever is higher, in addition to any past due amount, overdue amount, and any sum exceeding the approved credit limit.

5 — What are the key fees and charges?

The annual fee for the principal AEON Platinum Visa is RM 400, which is waived upon achieving a minimum cumulative retail spend of RM 30,000 within the card anniversary year. Cash advance fee is charged at 5% of the amount advanced or RM 50, whichever is higher. Late payment charges are levied at 1% of the total outstanding balance, subject to a minimum of RM 10 and a maximum of RM 150.

6 — What if I fail to fulfil my obligations?

If you fail to make the minimum monthly payment on or before the due date, a late payment charge of 1% of the outstanding balance (minimum RM 10, maximum RM 150) will be imposed. Your tiered finance charge will escalate to 18% per annum if you incur 2 or more late payments in 12 months. Continued default may trigger card suspension, termination, adverse reporting to credit reporting agencies (including CCRIS and CTOS), legal proceedings, and debt recovery. Facilities 2 or more months in arrears will result in immediate card block and decline of new credit facilities.

7 — What if I fully settle before maturity?

As the AEON Platinum Visa is an open-ended revolving credit facility, you may settle the entire outstanding balance at any time without any lock-in penalty or early settlement fee.

8 — Where can I get assistance and redress?

If you have difficulties in making repayments, contact AEON Credit Customer Care immediately. You may also seek free debt counselling and restructuring services from Agensi Kaunseling dan Pengurusan Kredit (AKPK). For complaints, AEON Credit will acknowledge your issue within 2 business days and resolve it within 14 business days. If you remain dissatisfied with the final resolution, you may escalate your dispute to the Ombudsman for Financial Services (OFS).
